2021 FIRST QUARTERLY HIGHLIGHTS (UNAUDITED)

1. During the three months ended 31 March 2021 (the “**Period**”), the Group’s revenue amounted to approximately HK\$2.0 million, representing a decrease of approximately 15.3% from approximately HK\$2.4 million recorded for the three months ended 31 March 2020 (the “**Corresponding Period**”). The decrease in revenue was mainly attributable to a decrease of income derived from (i) consulting and technical services by approximately 57.6%, (ii) repair services by approximately 89.3% for the Period as compared with that for the Corresponding Period. Revenue from Technical sales and distribution of EGE segment recorded a 57.9% increase from the Corresponding Period.
2. The Group recorded a total comprehensive loss of approximately HK\$4.3 million for the Period representing an increase in loss of approximately 6.3% from approximately HK\$4.1 million from the Corresponding Period. Such increase in total comprehensive loss was mainly due to a continued slowdown of new orders as a result of the impact of novel coronavirus disease (the “**COVID-19**”) on the operations of our major customers — the casino operators in the Macau Special Administrative Region (“**Macau SAR**”).
3. The board of Directors (the “**Board**”) has resolved not to declare any payment of dividend for the Period (the Corresponding Period: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is a total solutions provider of EGE for land-based casinos in Macau SAR as well as other regions in Asia. EGE principally includes electronic table games and electronic gaming machines (“EGMs”). The Group’s business can be segmented into: (i) technical sales and distribution of EGEs to land-based casinos; (ii) provision of consulting service to suppliers or manufacturers of EGE and technical services to manufacturers; and (iii) provision of repair services and sale of EGE plus spare parts.

The Group’s business is conducted through its wholly-owned subsidiaries, including Asia Pioneer Entertainment Limited (“**APE Macau**”). APE Macau is the operating company of the Group which operates the core businesses in Macau SAR. For the Period, APE Macau’s revenue represented all of the revenue of the Group.

The Group’s performance for the first quarter of 2021 continues to be adversely affected by the outbreak of the COVID-19 in Macau SAR and Southeast Asia. Whilst revenues for technical sales and distribution of EGE products recorded an increase of 57.9% for the Period over the Corresponding Period, this was offset by drop in sales in its consulting and technical services segment (57.6%) and in its repairs services segment (89.3%) over the same Period.

During the Period, the Group made a number of purchases of vending machines for its smart vending operations which will be launched in the second quarter of 2021.

FORWARD OUTLOOK

The Group is more cautiously optimistic that the market for casino products will begin to recover in 2021 as casinos begin to ramp up gaming operations in expectation of a mass market player recovery. This view is based on the assumption that travel bubble corridors will open up between China — Hong Kong Special Administrative Region (“**Hong Kong SAR**”) and Macau SAR which will allow tourists to travel to Macau SAR without quarantine restrictions.

The Group is optimistic on the rollout of smart vending solutions in 2021 as a plan to diversify its business from gaming equipment into other revenue streams but still retain its core competences of Macau SAR localization and technical knowledge and continues to proactively seek opportunities to diversify its revenues into non-gaming related sectors with focus on Macau SAR and Greater Bay Area related opportunities.

The Group’s management (the “**Management**”) continues to review various business plans to diversify the Group’s business outside of gaming equipment supply.
