

**Asia Pioneer Entertainment Holdings Limited
Internship Program launch on June 2018**

(Macao, June 4, 2018) – Asia Pioneer Entertainment Holdings Limited (“APE” or the “Company”, with its subsidiaries collectively referred as the “Group”; Stock Code: 8400.HK), a leading Electronic Gaming Equipment supplier in Macau, is pleased to announce a recent launch of a paid internship program joint with Macau Polytechnic Institute.

The objective of this internship program is to enable the students to gain the extensive knowledge in gaming equipment area and be equipped with the gaming equipment management skills. Especially for those who are interested in the gaming equipment industry, this internship program would be their stepping stone to develop a long-term career planning.

“We are excited to have received this internship program opportunity, which is a great opportunity for student to gain professional experience in a local gaming equipment industry and how business to business mode works.” said Mr. Herman Ng, Chief Executive Officer and Executive Director of APE.

The interns must be full-time students of higher education and able to work 400 hours at APE. APE is proud to help make more of those opportunities occur by simplifying the process to hire and offer paid work experience. Interns can develop themselves and obtain a full-time job offer if their performance is satisfactory during the internship.

About Asia Pioneer Entertainment Limited

Asia Pioneer Entertainment Limited (APE) was established in 2006 in Macau. APE is an approved gaming machine agent licensed by the Gaming Inspection and Coordination Bureau of Macau (DICJ). Since its founding, APE has been dedicating its business to introducing innovative gaming products to casino operators in Macau and other Asian countries. APE is focused on providing a full range of customized and integrated solutions for the Electronic Gaming Equipment industry. With an established track record of supplying Electronic Gaming Equipment to casino operators in Macau and Asia, APE is now a global distributor, presenting gaming manufacturers from Slovenia, US, Taiwan and Australia. It has well established business relationships with casino operators in Macau and Philippines.

About MPI

Macao Polytechnic Institute (MPI) is a public institution of higher education with an emphasis on applied knowledge and skills. Currently there are approximately 3,200 full time students on degree programmes and 10,000 students on non-degree training courses. MPI started to offer gaming-related professional skills training in 2003. In 2009 MPI established the Gaming Teaching and Research Centre (GTRC) to promote gaming related academic research in the region, including gaming industry development, regulatory system, social and economic impacts of gaming, diversification of economy etc. Since academic year 2010/2011, GTRC has been running a bachelor degree programme in gaming and recreation management to nurture high quality human resources for the gaming and related industries. In addition, GTRC continues to offer professional skills training and management training for those interested to join the gaming industry, or on-the-job training for staff in the gaming industry.
